ENFORCEMENT OF HOLSTEIN SHOW RING POLICY

It is the responsibility of Holstein show judges at all levels of shows to take appropriate action if any teats are set or in any way manipulated to an unnatural position. While all milking animals must be subject to examination, the judge is instructed to closely examine the top five animals, not only for set teats, but for any other form of tampering requiring discrimination or disqualification.

GENERAL RULES

The Holstein Show Committee and the Illinois Holstein Association Board of Directors reserve the final and absolute right to interpret the rules and regulations of the Shows and will settle and determine all matters, questions, or differences in regard thereto or otherwise arising out of, or in connection with the Shows.
